Guide to our regular plant sizes

Quality plants and bulbs delivered straight to your door at just the right time for planting.

Continued investment in quality management and packaging means that our quality control process is better than ever. Plants are double and triple checked before they get sent out to you. They also spend less time in the post. With our new packaging, many of our plant parcels can fit straight through your letter box.

A. Garden Ready Plants are supplied differently to those found in garden centres. And for good reason. Retailers need their plants to catch your eye on the shelf; we simply want ours to perform at their best! So we send them out at the perfect time for planting, usually before blooms form, for quicker establishment, better root growth and flowering, and a longer, stronger display. 10-15cm.

More information and pack sizes can be found on our website.

B. Jumbo Plugs Jumbo plugs can be planted straight into baskets or other containers. 5-11cm.

C. Postiplugs We've re-designed our most popular plug size so that our plant parcels will fit through most letter boxes. 5-9cm.

D. Plugs With our exclusive to T&M cartridge plug systemTM, each young plant has an extra-strong root system. 3-6cm.

E. Bulbs We always supply first year flowering-size bulbs.

F. Bare roots These are sent in a dormant state without pot or compost. Planted in spring, they produce new growth through the year. Size 1 is the highest spec available irrespective of plant variety or size.

G. Potted plants These well-established plants are ready to be planted straight out into final positions, as long as the weather allows. Sizes given are usually the diameter of the pot.

Our winter bedding plants

A. Garden Ready We despatch these super-size plants at the perfect time for planting out, usually before blooms form, so all the plant's energy has gone into producing a strong root system. This helps them to establish quicker for better growth and then a longer, stronger display of flowers. Available in packs of 15 and 30.

Delivery: Sept-Oct Plants are 10-15cm depending on variety

B. Plugs With our exclusive cartridge plug system® PAP, each young plant has an extra-strong root system for the best of starts. The open sided cartridge causes root tips to dehydrate. This is known as 'air-pruning' which encourages the growth of new, lateral fibrous roots.

Delivery: Sept Plants are 3-6cm depending on variety

New Arrivals for autumn 2023

Showcasing the best new varieties for your garden this autumn

It might feel like summer is only just coming to an end but now is the perfect time to start planning your garden for next year. Our buying team have picked out some of their favourite new varieties that will see your garden bursting into life from March and providing colour right through to September. Even better it doesn't have to be hard work – simply planting up some bulbs now will result in pops of brightness during even the dreariest of April showers.

Erysimum 'Colour Vibe Red' is a stunning new hardy perennial variety launched at this years RHS Chelsea

Flower Show. This is sure to be a winner with vibrant rich red flowers which are highly scented and last from March to the early summer.

Repeat flowering throughout the summer

A wonderful new compact climbing rose chosen as a tribute to the late Peter Seabrook who was won over by this amazing award winning variety at the International rose trials. **Rose 'Peter's**

BENEFITS OF GRAFTED VEG

Longer cropping season - plants fruit earlier in spring and crop later into autumn

Extra strong root system allows plants to be grown outside - no need for a greenhouse!

Better tolerance to soil pests and diseases - no need for growbags, plant straight into the ground.

This all-natural process of joining the best fruiting varieties to more vigorous rootstocks will bring you the best possible results from a single plant. Spend a little extra on our grafted plants and reap the rewards right through the season!

Keeping track of your order By sharing your email address and mobile number with us you can track the status of your order and receive progress updates. Please note that we may print your telephone number on the despatch label which will ensure the carrier can contact you if they need to. We will not pass on email or phone numbers to any other third parties.

Thompson & Morgan strives to ensure that all its plants are delivered to you in the perfect condition for planting. Sadly the time it takes to deliver to certain locations in the UK means that we can't guarantee this, so regretfully we are unable to ship live plants to the following areas: HS, IV41-IV56, KW15-KW17, PA34, PA41-48, PA60-PA78, PA80, PH40-PH44, TR21-TR25, ZE1-ZE3. For grey and coloured lorry marked items please allow 5-7 days for delivery - please note due to courier limitations we are unable to supply these items to Northern Ireland, Isle of Man, Highlands, Islands, BFPO, Channel Islands, Scilly Isles and Eire. Full terms and conditions are available on request or on our website at www.thompson-morgan.com. Your contract for supply of goods is with Thompson & Morgan. Thompson & Morgan is committed to supplying high quality products to recreational gardeners and households for personal use. Our liability is restricted to the purchase price of the item ordered. Where **SAVE*** is shown, please note that savings are based on the equivalent of multiples of the cheapest pack size. Call: 0844 573 1818 - Calls cost 7p per minute plus your phone company's access charge. Calls from other networks may vary. Lines open Mon-Sun (9am-6pm). **Prices valid to 27th September 2023.**
